

To whom it may concern,

It is my pleasure to recommend Ms. Marielen Montalvo. I've known Marielen for almost 3 years now and can attest to her strength of character and accountability. We met through her best friend, my wife, and we've also had the opportunity to work together while she was a sales representative developing a new business opportunity for Ochoa's Pharmacy & DME. She has been there for my wife through tough times, has shown great initiative on the business side of the medical field and continues to be a great mother to her son.

Marielen's charisma is immediately apparent when you met her, she always has a smile on her face and brings a positive attitude. While working with her a DHR, her attention to detail and creative ideas to promote her company's product was impressive. She was able to start from scratch on a topic, Foley's catheters, that she was unfamiliar with but within a few weeks she had many physicians asking me for her name and contact information.

As a general surgery resident, I work with multiple medical specialties including trauma surgeons, urologist and orthopedist. Previously, I was able to help arrange a meeting between Marielen with Dr. Alexander Feigl and she really made an impression on the urology group at DHR. She had many of the physicians and office managers beginning to switch to her new start-up product over their long-time partners. It's her personality and work ethic which makes working with her productive and enjoyable.

Given everything I know about Marielen, both from a business and personal standpoint, I know she will be of great benefit to your company and will make the people around her better.

Please don't hesitate to contact me

Kind Regards,
